Focused Ultrasound Therapy

4th European Symposium

October 26 – 27, 2017
Leipzig, Germany
Salles de Pologne

WLAN-name: Foren-Gast
access key: ememertt

Program and Membership info at:
www.EUFUS.org

21 CME Credits (SLÄK)
17 European CME Credits (ECME)
Welcome to the 4th Symposium on Focused Ultrasound Therapy Leipzig, Germany October 26-27, 2017

The meeting will be held at a very prestigious location: the Salles de Pologne, surrounded by many highlights of Leipzig City Centre. Leipzig is ranked No. 3 in 2016 after Berlin and Munich among the top cities of Germany and No. 10 on the New York Times list of the “100 cities you have to visit in your lifetime”. Some among many reasons for this are the cultural density leading to the nick name “Hy-ppezig”. Bach, Brahms, Mendelssohn Bartholdy, Lessing and many more famous figures lived and worked in Leipzig. Goethe regularly visited “Auerbach`s Cellar”during his studies in Leipzig and dedicated his beloved restaurant a famous part in his „Faust“.

Among lots of culture and enjoyment you can expect:

- Scientific presentations and invited lectures, poster sessions and other specialty interest workshops,
- practical based teaching about how to carry out focused ultrasound procedures,
- covering all major manufactures in open discussions led by experts in the field concentrating on the main areas of application.

Particular emphasis is applied to the clinical use reflected by hands-on seminars, face to face disputes, what can go wrong? Sessions and early attempts of consensus on FUS applications. But you will not miss latest developments and technologies.

Andreas Melzer, Wladyslaw Gedroyc, Matthias Matzko & Alessandro Napoli

Please register at: www.eufus.org
Dear Colleagues and Friends of Focused Ultrasound,

on behalf of the European Focused Ultrasound Charitable Society (EUFUS) it is our great pleasure to welcome you in Leipzig for the 4th Symposium on Focused Ultrasound Therapy - EUFUS 2017.

The event will take place on October 26 to 27, 2017 at Salles de Pologne, in the heart of Leipzig - a city full of culture and enjoyment. We will get together at the Ratskeller October 25 and enjoy an exotic buffet at the Mövenpick restaurant of Gondwanaland - a truly unique and exciting meeting place at Zoo Leipzig.

Following the great success of the previous three European Focused Ultrasound Therapy Symposia 2011 & 2013 in Rome and 2015 in London we have organized the 2017 Symposium under the same remit of clinical results of FUS and HiFU as well as novel promising applications presented by prestigious speakers from the leading European centers.

As previously speed scientific presentations and invited lectures on areas of topical interest to this field will take place. We hope to expand by including a substantial amount of practical based teaching and discussion about how to carry out focused ultrasound procedures. Poster sessions and other specialty interest workshops will also take place. The main symposium is augmented by a preconference workshop on October 25 supported by the Federal Ministry of Education and Research, BMBF project SONO-RAY of ICCAS, Leipzig and OncoRay, Dresden.

We are very much looking forward to seeing you all in Leipzig.

Organizing Committee
Andreas Melzer, Wladyslaw Gedroyc, Matthias Matzko & Alessandro Napoli

We are pleased to inform you that the 4th European symposium on Focused Ultrasound Therapy - EUFUS 2017, Leipzig, Germany, 25/10/2017-27/10/2017 has been granted 17 European CME credits (ECMEC®s) by the European Accreditation Council for Continuing Medical Education (EACCME®).

“The 4th European symposium on Focused Ultrasound Therapy - EUFUS 2017, Leipzig, Germany, 25/10/2017-27/10/2017 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 17 European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.”

“Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at www.ama-assn.org/go/internationalcme.”

Pre-conference Workshop
Experimental FUS and HIFU
Wednesday – October 25, 2017

9.30 REGISTRATION AND WELCOME
  • Andreas Melzer
    (Leipzig, Germany)

9.35 Introduction to „SONO-RAY“
  Tumor therapy combining image-guided focused ultrasound and radiation therapy – introduction of SONO-RAY project
  (abstract 30)
  • Doudou Xu, L. Landgraf, A. Melzer et al. (Leipzig, Germany)

Principles, technology and therapy planning

9.45 – 10.40 Chaired by: Chrit Moonen

9.45 Medical ultrasound:
  from imaging to FUS/HIFU
  • Steffen Tretbar
    (St. Ingbert & Sulzbach, Germany)

9.55 MR guided FUS/HIFU
  • Chrit Moonen
    (Utrecht, Netherlands)

10.05 Ultrasound guided FUS/HIFU
  • Jean-Francois Aubry
    (Paris, France)

10.15 Treatment planning for abdominal HIFU
  • Nader Saffari (London, UK)
A novel monitoring method for HIFU ablation using physics-based simulation (abstract 8)
- Chloé Audigier, Y. Kim, N. Ellens et al. (Baltimore, USA)

Prediction-based controller for MR-HIFU mediated hyperthermia (abstract 17)
- Lukas Sebeke, X. Luo, E. Heijman et al. (Cologne, Germany)

Development of a fat tissue mimicking phantom for lesion assessment in USgHIFU (abstract 14)
- Marta Gherardini, L. Morchi, A. Cafarelli et al. (Pisa, Italy)

Enhancement of thermal contrast in HIFU treatments by perfluorocarbon (abstract 22)
- Orane Lorton, S. Desgranges, L. Gui Lévy et al. (Geneva, Switzerland)

Ultrasound and drug delivery

11.00 – 11.30 Chaired by: Jean-Francois Aubry

11.00 Nanoparticle-mediated drug delivery
- Achim Aigner (Leipzig, Germany)

11.10 Ultrasound mediated delivery of macromolecules
- Maya Thanou (London, UK)

11.20 MR guided HIFU induced delivery of liposomes
- Edwin Heijman (Cologne, Germany)

14.00 – 16.30

1. How to build an ultrasound therapy system
   • Marc Fournelle (Sulzbach, Germany)

2. Cell culture sonication
   • Lisa Landgraf (Leipzig, Germany)

   Walk to Department of Radiology
   University Hospital Leipzig

3. Sonalleve MRHIFU hands-on demonstration
   • Edwin Heijman (Cologne, Germany)

19.00

GET TOGETHER
“Ratskeller Leipzig”
Lotterstraße 1, 04109 Leipzig
more information see page 27
7.30  REGISTRATION  
Salles de Pologne, Hainstraße 18, 04109 Leipzig  
Coffee and Tea

8.15  Opening Session  
Opening remarks: Andreas Melzer, Matthias Matzko, Alessandro Napoli and Wladyslaw Gedroyc

8.30  2nd EUFUS Ferenc Jolesz Memorial Lecture  
Challenges of MR guided interventions, surgery and FUS  
• Wladyslaw Gedroyc (London, UK)

9.00  Industry Hot Topics | Speed Sessions  
• 3 min. + 2 min. discussion

The road to 1 million patients  
• Debra Emanuel (INSIGHTEC)

Profound Medical and Philips  
Sonalleve, the way forward  
• Thomas Andreae (Profound)

Product developments of ArcBlate — a MRI guided HIFU system and its potential for abdominal applications  
• Jimmy Chang (EpiSonica)

Echotherapy, today and tomorrow  
• David Caumartin (Theraclion)

Remote control of the MR scanner for HIFU applications with the novel Access-i interface  
• Arne Hengerer (Siemens)

Ferroperm™ Piezoceramics  
• Thom Wurlitzer (Meggitt Sensing Systems)

9.30 – 9.45  COFFEE BREAK at Industry Exhibition
Organ Panel: **UTERUS**

9.45 – 11.35 Chaired by: Roberto Blanco Sequeiros & Tomasz Lozinski

9.45 **Keynote: MRgFUS — What can go wrong? How to avoid complications**

- Matthias Matzko (Dachau, Germany)

10.00 **MRgHIFU results: Uterus**

(8 min. + 3 min.)

- Roberto Blanco Sequeiros (Turku, Finland)

10.10 **MRgHIFU results: Uterus**

(8 min. + 3 min.)

- Tomasz Lozinski (Rzeszów, Poland)

10.20 **MRgFUS results and update on pregnancy registry**

(8 min. + 3 min.)

- Ronit Machtinger (Tel Aviv, Israel)

10.30 **MR guided FUS with a new platform independent system, initial experiences**

(8 min. + 3 min.)

- Kai-Wen Huang (Taipei, Taiwan)

**Speed Scientific Presentations**

(3 min. + 2 min. discussion)

10.50 **Artifact from myomectomy scars on MRI images — What does this mean for MRgFUS candidacy for uterine fibroids?** (abstract 43)

- Vikash Narayan Sinha, S. Mehta, S. LeBlang (Boca Raton, USA)

10.55 **Clinical evaluation of uterine fibroids tissue using multi-parametric MRI sequences** (abstract 19)

- Inez Verpalen, K. Anneveldt, I. Slouwerhof et al. (Zwolle, The Netherlands)
Uterine fibroids: apparent diffusion coefficient as a biomarker for monitoring the success of high-intensity focused ultrasound therapy (abstract 46)
• Teija Sainio, J. Saunavaara, R. Blanco Sequeiros (Turku, Finland)

Comparison of effects of radiofrequency ablation vs. high intensity focused ultrasound on uterus fibroid (abstract 49) not presented
• Xiaodong Zhou, G. He, W. Luo (Xian Shi, China)

Effects of high intensity focused ultrasound plus radiofrequency on large uterus fibroid (abstract 48) not presented
• Liwen Liu, X. Zhou, W. Luo (Xian Shi, China)

Factors improving efficiency during HIFU of uterine fibroids (abstract 20)
• Tomasz Lozinski, J. Filipowska (Rzeszów, Poland)

Efficiency of uterine fibroid treatment with HIFU according to vascularity of fibroid (abstract 21)
• Tomasz Lozinski, J. Filipowska (Rzeszów, Poland)

Therapeutic effects of ultrasound-guided radiofrequency ablation on adenomyosis (abstract 47) not presented
• Wen Luo, G. He, X. Zhou (Xian Shi, China)

Efficacy of magnetic resonance-guided focused ultrasound surgery in the treatment of uterine adenomyosis (abstract 53)
• Feng Yang, X. Gong (Beijing, China)

11.35 – 12.00 COFFEE BREAK at Industry Exhibition
## Organ Panel: PROSTATE

### Organ Panel: MUSCULOSKELETAL

**14.40 – 16.20** Chaired by: Markus Düx & Karun Sharma

**14.40** Face to face dispute Osteoid Osteoma  
10 min. each and 5 min. conclusion  
- Alessandro Napoli (Rome, Italy)  
  vs. Christoph Trumm  
  (Munich, Germany)

**15.05** Keynote I: Osteoid Osteoma, Desmoid and other MS tumors (MRgFUS)  
- Pejman Ghanouni  
  (San Francisco, USA)

**15.20** Keynote II: Osteoid Osteoma, Desmoid and other MS tumors (MRHiFU)  
- Karun Sharma  
  (Washington, USA)

**15.35** Facet joints and bone lesions  
(8 min. + 2 min.)  
- Markus Düx  
  (Frankfurt/Main, Germany)

**15.45** Bone mets and other bone lesions  
(8 min. + 2 min.)  
- Alberto Bazzocchi (Bologna, Italy)  
  and Francesco Arrigoni  
  (l’Aquila, Italy)

**Speed Scientific Presentations**  
(3 min. + 2 min. discussion)

**15.55** Targetability of osteoid osteoma and bone metastases by MR-guided high intensity focused ultrasound (MRgHIFU): A feasibility study (abstract 16)  
- Fabrice Bing, J. Vappou, P. Cabras et al. (Strasbourg, France)

**16.00** Low intensity ultrasound increases the lifespan of mesenchymal stromal cell transplants in skeletal muscle (abstract 36) **not presented**  
- Joseph A. Frank et al.  
  (Bethesda, USA)
16.00 Development of 3D-printed anthropomorphic bone phantoms as training aids for MRI guided HIFU (MRgHIFU) (abstract 26)
   • Daniel Butler, J. Ptacek, N. Byrne et al. (London, UK)

16.05 In vivo measurements of MBN depth for focused ultrasound ablation of patients with facet related back pain: Predictors for patient candidacy (abstract 42)
   • Suzanne LeBlang, H. Zwiebel, D. Baldor et al. (Medford, USA)

16.10 Mechanical focused ultrasound forces directly activate TRPC1 cation channels in murine kidney and skeletal muscle to enhance stem cell homing (abstract 41) not presented
   • Joseph A. Frank et al. (Bethesda, USA)

16.15 New patented FUS amplitude modulation technique for tissue ablation by acoustic cavitation (abstract 7)
   • Fares Mayia, M. Yamany, M. Asiri et al. (Riyadh, Saudi Arabia)

16.20 Peak Negative Pressure (PNP)… (abstract 38) not presented
   • Joseph A. Frank et al. (Bethesda, USA)

16.30 – 17.00 COFFEE BREAK and Poster Viewing at Industry Exhibition

17.00 – 18.30 EUFUS General Assembly
   Proposals and decisions for next meetings 2019 & 2021 and board elections

19.30 DINNER at “Gondwanaland”
   ZOO Leipzig
   more information see page 27
EUFUS 2017 | Main Conference
Friday – October 27, 2017

Organ Panel: BRAIN

8.00 – 09.45 Chaired by: Wladyslaw Gedroyc & Jürgen Götz

8.00 Keynote: DBS or MRgFUS?
The neurosurgeons view MRgFUS results Switzerland
   • Ronald Bauer (Zurich, Switzerland)

8.15 MRgFUS results UK
   (8 min. + 2 min.) • Dipankar Nandi & Wladyslaw Gedroyc (London, UK)

8.25 MRgFUS results Israel
   (8 min. + 2 min.) • Menashe Zaaroor (Haifa, Israel)

8.35 MRgFUS results Spain
   (8 min. + 2 min.) • Alberto Alomar Casanovas (Barcelona, Spain)

8.45 MRgFUS results Italy
   (8 min. + 2 min.) • Cesare Gagliardo (Palermo, Italy)

8.55 - 9.10 Hot Topic: Scanning ultrasound as a novel treatment modality for Alzheimer’s disease (abstract 5)
   • Jürgen Götz, R. M. Nisbet, G. Leinenga (Brisbane, Australia)

Speed Scientific Presentations
(3 min. + 2 min. discussion)

9.10 Early experience of epilepsy with MRgFUS treatment (abstract 13)
   • Toshio Yamaguchi, T. Hori, T. Taira (Tokyo, Japan)
9.15 Multiple courses of BBB opening with pulsed focused ultrasound and microbubbles promotes phosphorylated tau production (abstract 37) not presented
   • Joseph A. Frank et al.
     (Bethesda, USA)

9.20 Closed-loop cavitation control for safe FUS-mediated targeted drug delivery in mouse brain (abstract 10)
   • Beat Werner, M. Cavusoglu, J. Zhang et al.
     (Zurich, Switzerland)

9.25 Bisphosphonate could improve skull density ratio of MRgFUS candidates (abstract 23)
   • Hisashi Ito, K. Yamamoto, S. Fukutake et al. (Fujisawa, Japan)

9.30 Statistical shape model based targeting for MR-guided focused ultrasound neurosurgery (abstract 35)
   • Andras Jakab, Z. Goey, R. Bauer et al. (Zurich, Switzerland)

9.35 Focusing precision and lesion size in cerebello-thalamo-tractotomy by MR imaging-guided high intensity focused ultrasound (MRgFUS) (abstract 31)
   • Ronald Bauer, E. Martin, S. Haegle-Link et al.
     (St. Gallen, Switzerland)

9.40 An in vitro study of ultrasound-induced hyperthermia combined with radiation therapy for glioblastoma cells (abstract 34)
   • Xinrui Zhang, D. Xu, L. Landgraf et al. (Leipzig, Germany)

9.45 – 10.15 COFFEE BREAK and Poster Viewing at Industry Exhibition
10.15 – 10.35  SPECIAL LECTURE
Neuromodulation: State of the art, is there any space for FUS/HIFU?

• Arno Villringer, Max Planck Institute for Neurocognitive Science (Leipzig, Germany)

10.35 – 10.55  SPECIAL LECTURE
Overview of current ultrasound induced neurostimulation methods

• Jean-Francois Aubry, Institute Langevin (Paris, France)

Organ Panel:
BREAST AND BENIGN LESIONS

11.00 – 12.00  Chaired by: Chrit Moonen & David Brenin

11.00  Keynote: State of the art and research
FUS/HIFU in breast cancer

• Chrit Moonen (Utrecht, The Netherlands) (ISTU)

11.15  Thyroid Adenoma
(8 min. + 2 min.)

• Michel Nuta (Paris, France)

11.25  Breast fibroadenoma
(8 min. + 2 min.)

• Markus Hahn (Tübingen, Germany)

11.35  US-guided HIFU of breast fibroadenoma — a perspective for long-term disease control
(8 min. + 2 min.)

• Roussanka Kovatcheva (Sofia, Bulgaria)
11.45  Ultrasound guided high intensity focused ultrasound ablation of breast fibroadenoma: Early report from the United States pilot study (abstract 2)
   • David Brenin, G. Stukenborg, C. Rochman (Charlottesville, USA)

11.50  Volume reduction after circumferential high intensity focused ultrasound of breast fibroadenoma (abstract 32)
   • Mirjam Peek, R. Baker, M. Douek (London, UK)

12.00 – 13.00  LUNCH BREAK and Poster Viewing at Industry Exhibition

Organ Panel: ABDOMEN

13.00 – 14.25  Chaired by: Joan Vidal-Jové & Wladyslaw Gedroyc

13.00  Keynote: MR-guided FUS/HiFU of abdominal organs
   • Wladyslaw Gedroyc (London, UK)

13.15  Technology update: FUS/HiFU on moving organs (8 min. + 2 min.)
   • Chrit Moonen (Utrecht, The Netherlands)
13.25 Novel technology for liver MRgFUS
TRANS-FUSIMO EU FP7 project
- Tobias Preusser
  (Bremen, Germany)
  for the Consortium

13.35 Keynote: Treatment options of ultrasound guided FUS/HIFU for pancreatic cancer and liver cancer,
7 year follow up (abstracts 28, 29)
- Joan Vidal-Jové, A. Jaen, M. Paraira et al. (Barcelona, Spain)

Speed Scientific Presentations
(3 min. + 2 min. discussion)

13.50 An experimental demonstration of HIFU self-scanning treatment in moving tissue
(abstract 11)
- Orane Lorton, N. Mörí, P. Guillemin et al. (Geneva, Basel, Switzerland)

13.55 Magnetic resonance guided high intensity focused ultrasound (MRgHIFU) treatment planning of abdominal neuroblastoma utilizing diagnostic 3D CT images – a retrospective analysis (abstract 15)
- Stephanie Tung, A. Fahy, M. Lamberti-Pasculli et al. (Toronto, Canada)

14.00 Cavitation threshold in murine model of pancreatic cancer (abstract 50)
- Lorenzo Francesco Giuliani, M. Primavera (Rome, Italy)

14.05 3D ultrasound based motion tracking with MR-thermometry (abstract 45)
- Pierre Bour, V. Ozenne, B. Quesson, et al. (Bordeaux, France)

14.10 Comparison of static and dynamic motion models for MRI guided focused ultrasound liver treatment (abstract 54)
- Joyce Joy, A. Dennison, J. Strehlow et al. (Dundee, UK)
In silico first-stage Evaluation of a focused ultrasound treatment system for moving targets (abstract 44)
  • Michael Schwenke, J. Strehlow, D. Demedts et al.
    (Bremen, Germany)

Translation of research for MR guided focused ultrasound application for moving target tumor ablation in abdominal area: Coil selection criteria (abstract 3)
  • J. Mihcin, J. Strehlow, Andreas Melzer et al.
    (Leipzig, Germany)

SPECIAL LECTURE
Where are we with FUS/HIFU mediated drug delivery?
  • Edwin Heijman
    (Cologne, Germany)

EUFUS HORIZON LECTURE
Focused ultrasound immunotherapy
  • Gosse J. Adema
    (Nijmegen, The Netherlands)

SELECTED ABSTRACT
Pulsed focused ultrasound modulation of tumor microenvironments: Implications for immunotherapy (abstract 9)
  not presented
  • Joseph A. Frank et al.
    (Michigan, USA)

SOCIAL EVENTS

Wednesday – October 25, 2017 | 7.00 pm

Ratskeller Leipzig

The Ratskeller is one of the most traditional restaurants of the trade fair city. The restaurant is located in the new city hall – the largest city hall in the world – with all tourist attractions of the city centre of Leipzig within walking distance. The 110th anniversary of the restaurant was celebrated in 2014. The extraordinary and rustic cellar ambience welcomes you for the opening event of EUFUS 2017. The restaurant's kitchen presents culinary delicacies made from recipes of the plain Saxon kitchen. | Free admission for all registered participants; for an accompanying person we charge 30 €.

Venue: Lotterstraße 1, 04109 Leipzig

Thursday – October 26, 2017 | 7.30 pm

Gondwanaland
ZOO Leipzig

Entering Gondwanaland will appeal to all of your senses as you come into close contact with the tropical rainforests of Africa, Asia and South America. In Gondwanaland live about 100 exotic animal species and flourish over 500 different plant types. Enjoy the exotic welcome cocktail before you dip into the tropical world of Gondwanaland. | We charge 40 € for all registered participants of EUFUS 2017 and accompanying person(s); free admission only for faculty.

Venue: Pfaffendorfer Str. 29, 04105 Leipzig

Entrance: Please use the entrance of the event foyer of the Gondwanaland, which is close to the delivery entrance, 100 m right from the main entrance of the Zoo Leipzig.

The Gondwanaland evening event is kindly supported by Insightec & Siemens.
Your partner in advancing the field

Funding Research
We fund investigator-initiated clinical, preclinical, and technical projects in a competitive, peer-reviewed process.

Cultivating Leaders
We offer educational opportunities for early and mid-career researchers through fellowships and internships.

Fostering Collaboration
We host workshops, summits, and symposia to stimulate innovation and drive progress.

Overcoming Barriers
We partner with stakeholders to help with regulatory and reimbursement hurdles.

Visit fusfoundation.org to learn more.
